SUPPLY MANAGEMENT STRATEGY IN A POST COVID-19 WORLD

By: Dr. Mahesh Srinivasan, Ph.D.

This webinar will present and discuss supply strategies that can be implemented to navigate the supply risks towards building a resilient supply chain. The speaker will also discuss the present state of the logistics industry

including how to plan for the contracting of warehousing and transportations services.

To register please send an email to rsvp@ismakron.com and a link will be sent to you.

"The mission of the Cleveland Chapter is to continue to be the premier provider of supply chain and operations management education in the greater Cleveland area."

Speaker Bio: Dr. Mahesh Srinivasan, Ph.D.

Dr. Mahesh Srinivasan is an Associate Professor of Supply Chain and Operations Management and Director of the Institute for Global Business in the College of Business Administration at The University of Akron, Ohio. He has a Ph.D. in Supply Chain Management and a Masters degree in Business Logistics from The Pennsylvania State University and a Bachelors degree in Mechanical Engineering. Mahesh has multiple years of industry experience working for a major German multinational company in addition to consulting with companies in the areas of Supply Chain and Logistics Management. His research articles have appeared in many prestigious peer reviewed journals including the Journal of Business Logistics, International Journal of Production Economics, Transportation Journal, Supply Chain Forum: An International Journal, Business Horizons Journal, Management Research Review, European Management Journal and International Journal of Enterprise Information Systems. He serves on the Editorial Review Boards of the Journal of Business Logistics, European Management Journal and Journal of Transportation Security. He was part of the Working Committee of President Obama's initiative on Advance Manufacturing Partnership (AMP) 2.0.

President's Message:

ASCM Cleveland Chapter Future Direction

ASCM Cleveland Chapter receives the 2020 CBAR Platinum Award!

The ASCM Chapter Benchmarking and Reporting (CBAR) program recognizes chapters that have exceeded minimum standards and exemplify excellence in overall chapter management. We are proud to announce that ASCM Cleveland Chapter has received the 2020 CBAR Platinum Award designation, an admirable accomplishment for an ASCM chapter. Chapter management excellence is an integral component to enhancing the member experience. Successful ASCM chapters provide their members with opportunities for stellar education, career development, and networking. As a member of an ASCM Platinum Award Winning Chapter, the CBAR designation signifies commitment to providing an exceptional membership experience.

ASCM announces changes to its North American chapter structure. Because supply chain professionals learn and engage differently in today's business environment, ASCM has adapted its North American chapter structure to better meet the changing needs of its members.

ASCM Cleveland Chapter will be transitioning to an ASCM Chapter training partner. In that role, we will continue to offer ASCM training including CPIM, CSCP, and CLTD certification review courses, as well as other customized courses such as the Principles of Operations Management courseware. In addition, we will continue to offer engagement opportunities for local supply chain professionals to connect with friends, peers and mentors, learn new skills, and create a better world through supply chain.

ASCM – New Website and Domain Name - The chapter is currently updating the website and domain which will be www.cleveland.ascm.org. Emails will soon be changed to reflect this transition from APICS to ASCM. Please be patient with us during the transition period.

President's Message (continued from page 3)

ASCM Board Member Positions – We have a few openings on the board. We would love to have you be apart of this updated dynamic organization. Please contact us for more information.

Professional Development Meetings – It is anticipated that we will continue virtual meetings until May 2021. Beginning in September 2021, it is widely anticipated that we will be back to meeting in person.

We are excited about all of these changes and look forward to engaging with you in new ways in the months to come. In the meantime, if you have any questions or needs we can address, please feel free to contact us.

Best regards,

Bob

Dr. Robert Stoll, CPIM, CLTD, CSCP
APICS Cleveland Chapter
president1@apicscleveland.org

EDUCATION UPDATE:

Why you should earn an APICS designation

- Increase your salary - on average designees see a 12% increase
- Improve your hiring potential by 65%
- Maximize ROI on the systems and technologies
- Reduce your organization's costs
- Provide more value to your organization
- Understand how to increase customer satisfaction

Build your credibility and set yourself apart from peers

Thousands of employers worldwide look for an APICS designation when making critical hiring decisions. These companies know that APICS designees have the proven knowledge and skills to strategically streamline operations.

Are you ready to distinguish yourself in supply chain management?

CERTIFICATION PREP COURSES

Due to circumstances related to Covid there are no classes this Spring.
