Joint Meeting with ISM***

**ISM-Cleveland Supply Chain Contracts -
Best Practices in Legal and Risk Management**

Warehouses, fulfillment, and distribution centers are critical links in the supply chain process. Understanding the key risks with transportation and logistics contracts is the difference between success or disruption in your supply chain.

Chris Razek and Megan MacCallum of the Transportation & Logistics Practice Group at Benesch Law will address these issues in this presentation, with a focus on high-impact risk management considerations in negotiating, implementing, and performing under Supply Chain Contracts.

"The mission of the Cleveland Chapter is to continue to be the premier provider of operations management education in the greater Cleveland area."

President's Message:

Greetings Greater Cleveland ASCM Members, Future Members, Students, and Global Supply Chain Leaders and Learners,

We are currently investing considerable resources in our Cleveland Chapter revitalization. This includes a complete overhaul of the website <https://Cleveland.ASCM.org>. We are bringing our technology and information up to date to better engage with the community and all members. Please be patient as we are introducing many enhancements in the next few weeks, including Star Pay, hosted by Star Chapter and our Cleveland Chapter website enabling reservations and payments online.

We hope to see you on Mar 12th either in person or virtually, so please save the date, and wait for the new tool to be rolled out for reservations.
